▶ Presentation of Paper

If you would like to present a paper during the Hybrid Power Systems Workshop 2021, please visit our website:

www.hybridpowersystems.org/callforpapers

To submit a paper, upload an abstract of maximum 3,000 characters (free style) **until 10 October 2021**. Final papers must then be submitted online by **2 February 2021**.

- ▶ As the conference language is English, all abstracts have to be written in **English**.

- ▶ **Speakers and poster presenters will pay a reduced registration fee.**
- ▶ All participants are responsible for **paying their own travel and hotel expenses.**

▶ The workshop is a unique forum for

- System planners and designers
- Operators of small systems
- Project developers and consultants
- Universities and research institutes
- Regulators and NGOs
- Technology vendors of distributed variable generation & storage technology

The primary objective is to stimulate **interdisciplinary thinking between industry and research** by providing a platform for discussion and for sharing ideas, practical experiences and knowledge regarding the key issues in the relevant fields.

▶ Be a Speaker!

The workshop will focus on the challenges that arise when **high shares of renewables** (wind, solar, hydro) are integrated into **island power systems/ micro-grids**, in combination with conventional power generators and optionally batteries/ flywheels.
